Program: Degree: Date Final Examination Passed:

Master's Final Examination: A candidate must achieve satisfactory standing in a final examination (oral, written or both) conducted by two or more graduate faculty members designated by the candidate's department.

PhD Final Examination: This committee, chaired by the primary advisor, will consist of a minimum of four tenured or tenure-track members of the faculty of the Graduate School of Arts and Sciences. One member of the committee will serve as a representative of the Graduate School of Arts and Sciences to affirm that the student has been assessed fairly and with due rigor. This representative is appointed by the student's director of graduate studies and must hold a primary appointment outside of the student's department. This representative may be drawn from the tenured or tenure-track faculty of other graduate schools at the University, but must hold a Ph.D. A director of graduate studies may petition to permit a reader from outside the University who holds a Ph.D. to serve as one of the four core members of the committee by providing the associate dean with the reader's CV and a statement regarding the reader's particular suitability for the committee. This external reader may not serve as the representative of the Graduate School. Once these minimum requirements have been met, additional committee members from within the University or other institutions may be added.
